1. In one page or less, why are you running for this office? (Note: the interview committee will be given a copy of this statement before your interview; at the beginning of your interview you will have the opportunity to expand on this statement in any way you wish.)

I am running for office sought because this is an “EVOLUTION” For All People. United We Stand. Divided We Fall.

An Evolution is Change towards improving that which exist, preserving the good characteristics and losing any detrimental characteristics.

As a Grant Writer, I found within the Government, State, Local, District, Federal Agencies, Courts, Businesses, Nonprofits, Land, Documents, Contracts, Process, Procedures, and Policies have clerical errors resulting to discriminations that Violate Civil Rights in the “Equal Opportunity Policy” pertaining to jobs/employment, education, medical, housing/homelessness, loans, grants, policing, and crime.

As you know, Seattle Washington is an upcoming powerhouse for small businesses, nonprofit organizations, and holistic wellness centers for children and adults. We invite you and other influencers to discuss how we can merge our influences together to build an inter circle of leaders that will create the foundation for the powerhouse which in turn will create more traffic coming to and from Seattle Washington.

1st we have to address the clerical errors in “Equal Opportunity Policy” by rewriting the application processes and policies that Violate Civil Rights Act pertaining to oppression, murders in our communities, immediate end to police brutality, and crime. For example, remove what has nothing to do with skill or experience, like race, creed, sexuality, income, or crime.

2nd we have to serve who is our weakest link which is our homeless. United We Stand. Divided We Fall.
As a business owner, I found that your only as strong as our weakest link. My priorities as elected official is to make sure there is jobs & resources that the community lacks today. In order to get more jobs and resources we have to fund the big and small businesses, nonprofits, and nonprofit holistic wellness centers. The businesses and nonprofits will provide necessary jobs and resources. The holistic wellness centers will provide necessary medical for mental and physical evaluations/treatments. This way the homelessness can transition into all the developmental housing that is already and currently being built in our neighborhoods.

3rd, make sure the funds for the businesses and nonprofit resource programs are equally disbursed and be used to house all transitional housing and homeless until they are sustainable to live in communities as legal residents. Then we can create more traffic coming to and from Seattle building economic growth and development for ALL People.
2. Describe your most important personal characteristics or traits as they relate to the office you seek.

We deserve a Leader who has gone out personally into the Community, listened to their ideas, concerns, and became proactive towards Evolution. We deserve a leader who knows this change is random, generally slow, good, and bad. We deserve a leader who knows that the Natural selection is not primary intent of evolution. The retention of whatever is working is. I am that Leader!

I connect with those of you who are business owners, students, parents, siblings, “child of” someone, aunt/uncle, and friends. She is patient with determination among her most well known qualities. Although no one is immune to occasional frustrations, she attempts to be understanding and calm in all her dealings. Whether it be her careers, education, friendships or intimate relations, she uses her strong will to accomplish her goals especially when it involves helping others.

Born and raised in 37th District, my family has lived here for four generations and I am currently raising my son here.

Today, as an active community Leader: Founder at Warren & Cato Consulting Firm, we created a resolution to the clerical errors in “Equal Opportunity Policy” by rewriting the application processes and policies that Violate Civil Rights Act pertaining to oppression, murders in our communities, immediate end to police brutality, and crime. For example, remove what has nothing to do with skill or experience, like race, creed, sexuality, income, or crime.

The voice of the legitimacy to speak for the community of Seattle, the people want to protect their families, be independent and financially secure. This is the “Land of the Free.”

3. Please describe, in sufficient detail, one to three accomplishments or contributions of which you are most proud. These examples should illustrate skills and capabilities you think apply to the office you are seeking. These accomplishments may have occurred at any time in your personal, professional, or public life.
1. **Education:** Bachelor’s degree in Communications, English, & Writing. Certified in Grant Writing. Graduate programs in nonprofit management.

2. Seeking to promote the welfare of others, especially by the generous donation of money to good causes and creating a resolution to the clerical errors in “Equal Opportunity Policy” by rewriting the application processes and policies that Violate Civil Rights Act pertaining to oppression, murders in our communities, immediate end to police brutality, and crime.

3. **Running for Mayor of Seattle**

The Mayor of the City of Seattle is the chief executive officer of the City and is charged with the enforcement of City and State law, City contracts, and the maintenance of order. 2. Directing and controlling all subordinate officers of the City by ensuring their jobs and duties are performed accordingly.
3. Appointing heads of departments to ensure maintenance and order is being performed most effectively.
